Dear Major Lowman:

mailing today

I am not sure if I asked you to return certain frequency files loaned me by the Foreign Broadcast Intelligence Service of the Federal Communications Commission which both Mr. Van Iten and Mr. Maher know about. So far as I can find out these files and material have not been returned to the F.B.I. They were borrowed by me for F.B.I. on condition that they would be returned. I'd appreciate if you would give this your immediate attention.

for F.B.I.*

I believe I requested that I be given the duplicate set of active frequency files prepared by Mr. Maher and based on F.B.I. monitoring operations plus lists and records from R.C.A. - Canada, the Free French and other sources. All of the records I gathered. The duplicate file I was preparing for my use at M.I.S. in connection with my regular duties there. I again request that this duplicate set be sent me as I think under the circumstances you will agree I should get what was originally prepared for my use at M.I.S., based to a great extent on material gathered by me as a member of M.I.S. and on M.I.S. time. Colonel Goodfellow I'm sure will agree. I will talk with him about it.

After these two matters are settled, except for the inventory, we will be all squared away re F.B.I.

Thanking you for your attention and consideration on the above,
I am,

Sincerely,
